

AN INSPIRATIONAL MENTOR

CREATE RAPPORT

The capacity to understand or feel what your mentee is experiencing. It is the ability to walk a moment in someone else's shoes.

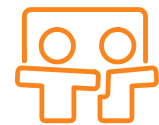

COMMUNICATE

Communication is the foundation of building trust with your mentee. A great mentor will ask clarifying questions, actively listen and volunteer feedback.

BUILDING TRUST

The key to a successful mentoring relationship is enlisting trust quickly so that both parties can share deeply and challenges can be discussed candidly, in a safe environment.

ACTIVELY LISTEN

Listen to ignite. Suggest ideas to help your mentee. Validate your mentee's future success by giving them the confidence to achieve their goals.
