The Quietly Powerful Leader with Megumi Miki, Founder & Author of Quietly Powerful

Are we stuck in a hierarchical, patriarchal, alpha dominant, hero view of the 'strong' leader? Are the quietly powerful leaders being overlooked and is the misuse of power preventing us from realising our potential in business, leadership and life?

Join me as I talk with Megumi Miki Founder of Quietly Powerful about her journey and the ideas that have resonated with many (not just introverts) on wanting to develop a calm, inner strength to make the unique contribution they were born to make.

Megumi is an author, speaker and consultant in leadership, culture, diversity and inclusion, with a background in strategy, economics and finance. With a client list including Bank of New Zealand, Ernst & Young, JBWere, National Australia Bank, Roche, State and Federal Government Departments, smaller for-profit and not-for-profit organisations, Megumi helps leaders and organisations to unlock their hidden talents.
